## 1. Data Collection

We collect only the information necessary to provide a personalized and seamless experience:
- Account Information: Name, email, and login credentials during registration.
- Interaction Data: Details about your conversations, preferences, and selected features to improve AI personalization.
- Device Information: Limited technical data, such as device type and app usage, for performance optimization.

We never collect sensitive information without your explicit consent.

## 2. Data Storage

Your data is securely stored on encrypted servers, protected by advanced security protocols.
- Encryption: All personal information is encrypted both in transit and at rest.
- Access Control: Only authorized systems and personnel can access stored data, and even then, only as needed for providing services.

## 3. Data Protection

We are committed to safeguarding your information against unauthorized access, loss, or misuse:
- Regular Security Audits: Routine evaluations ensure our systems are up-to-date with the latest security standards.
- Anonymization: Wherever possible, we anonymize data to ensure your identity remains protected.

## 4. User Control

You have full control over your data.
- Access: View the data we store about you anytime through your account settings.
- Edit or Delete: Update your information or delete your account at your convenience.
- Permissions: Decide which features or data collection permissions to enable or disable.

## 5. Third-Party Sharing

We do not sell, rent, or share your personal data with third parties for marketing purposes. Any sharing of data is strictly limited to:
- Essential Service Providers: Partners who assist in providing core features, bound by strict confidentiality agreements.
- Legal Requirements: Only when mandated by law or with your explicit consent.

## 6. Focus on Privacy and Security

Your trust is our foundation. We comply with global data protection standards, including GDPR and CCPA, to ensure your privacy rights are respected.
